**Clinical Postdoctoral Fellowship in Evidence-Based Youth Psychotherapy**

**Summary**
Judge Baker Children’s Center (JBCC), a Harvard Medical School Affiliate, is accepting applications for a clinical postdoctoral fellowship position at the Center for Effective Child Therapy, the outpatient mental health service program at Judge Baker Children’s Center. The Center for Effective Child Therapy serves children and adolescents ages 2 – 19. Therapists utilize evidence-based treatments for some of the most common presenting problems including anxiety, depression, traumatic stress, and disruptive behavior.

Postdoctoral activities include direct outpatient service delivery to children and adolescents experiencing difficulties with social, emotional, and behavioral problems. The postdoctoral fellow will also receive training and supervision in evidence-based models for child and adolescent therapy, such as the Modular Approach to Therapy for Children with Anxiety, Depression, Trauma, or Conduct Problems (MATCH-ADTC) and Parent-Child Interaction Therapy (PCIT). Certification in both models may be available. Applicants will receive supervision for hours towards Massachusetts psychology licensure. Additional activities include co-supervising graduate level trainees and assisting the director and assistant director in outreach activities to school districts and pediatricians. Appointment as a fellow at Harvard Medical School is available for the qualified successful applicant.

**Essential Duties and Responsibilities**
- Conducting semi-structured assessments of children ages 2-19
- Maintaining a diverse caseload of child and adolescent clients
- Providing evidence-based treatment to children and families
- Working with caregivers to enhance the efficacy of treatment services
- Collaborating with collateral contacts in the best interest of clients
- Co-supervising graduate level trainees
- Participate in professional development seminars
- Assisting in outreach activities to multiple community partners (e.g., school districts, pediatricians)

**Qualifications and Skills**
Candidates must meet all of the following requirements:
- Applicants must have completed a Ph.D. / Psy.D. / Ed.D (or foreign equivalent) in Clinical, Community, Counseling, School, or Educational Psychology from an accredited academic program.
- Completion of an APA- or CPA-approved internship.
- Clinical training and experience in CBT for childhood depression, anxiety, post-traumatic stress, and/or behavioral parent training for childhood disruptive behavior disorders.

Strong applicants will have:
- Experience in supervising or training clinicians in evidence-based methods.
- Experience giving professional presentations.
- Excellent interpersonal, organizational, and communication skills.
- Strong computer skills.
Compensation
Compensation is competitive and based on experience. A generous benefits package is provided.
