
OVERVIEW

VIOLENCE IN THE WORKPLACE POLICY AND PROCEDURES MANUAL

Purpose

The purpose of this *Violence in the Workplace Policy and Procedures Manual* is to provide direction to state agencies and offices in preventing and/or responding to incidents of workplace violence or a perceived threat of violence in the workplace. Every agency in the Executive Branch and all elective state offices are expected to comply with these procedures.

The goal of the policy and manual is threefold:

1. To reduce the probability that employees will engage in verbal threats or physical actions that create a security hazard for others in the workplace;
2. To ensure that any complaint of violence or the threat of violence is taken seriously and is thoroughly and promptly investigated; and
3. To provide a basis for the workplace violence prevention training program that is statutorily mandated for all full-time state employees pursuant to P.A. 11-33 (effective October 1, 2011).

This Manual outlines the major components of this effort: policy, procedures, workplace security assessment, control and prevention, training and other support services. It is being issued statewide to ensure that matters are handled in a consistent fashion across agencies.

HR Personnel shall review this document, including the items in the appendices and implement this Manual as is or, where directed, to modify the current policies and procedures of the agency so that they are in compliance with this Manual. In those agencies where there may be a potential conflict with the contents of this document, interpretations will be assessed on a case-by-case basis. Questions regarding employment issues should be addressed to the Office of Labor Relations (OLR) at the Office of Policy and Management (OPM).

Scope

The violence in the Workplace Policy and Procedures Manual is available in Portable Document Format (PDF) and can be downloaded from the Department of Administrative Services website and the Office of Policy and Management website. This format will allow updates and new sections to be easily inserted. **This document will be the basis of any training offered by DAS.** The intent is for the training to address each of the areas in this Manual in more detail, with emphasis on understanding the source of workplace violence, prevention, and determining the appropriate intervention.
